Contents Volume 51

Contents

Editor's corner: The "software-first" revolution in computer hardware design
R.L. Glass 1

Cache affinity and resequencing in a shared-memory multiprocessing system
H.D. Karatza 7

An empirical incremental approach to tool evaluation and improvement
J. Miller and F. Macdonald 19

A new routing control technique using active temporal data management
D.H. Kim, K.H. Ryu and Y. S. Cho 37

Priority and deadline assignment to triggered transactions in distributed real-time active databases
K.-Y. Lam, G.C.K. Law and V.C.S. Lee 49

History-driven dynamic load balancing for recurring applications on networks of workstations
M. Bozyigit 61

A soft computing approach for recognition of occluded shapes
M. Zaki, A. El-Ramsisi and R. Omran 73

Editor's corner: Software requirements success predictors – behavioral factors beat technical ones
R.L. Glass 85

Estimation support by lexical analysis of requirements documents
P. Bowden, M. Hargreaves and C.S. Langensiepen 87

Coupling and control flow measures in practice
E. Ferneley 99

An empirical study of complexity metrics in Cobol programs
H.-W. Jung, M. Pivka and J.-Y. Kim 111

Validating the ISO/IEC 15504 measures of software development process capability
K. El Emam and A. Birk 119

Solutions in action
R.L. Glass

Improving the quality of the analysis phase
I. Millet 151

Editor's corner: Academics, and the scarlet letter 'A'
R.L. Glass 155

An impact factor model of Intranet adoption: an exploratory and empirical research
S.-M. Tang 157

Approaches for broadcasting temporal data in mobile computing systems
K.-Y. Lam, E. Chan and J. Chun-Hung Yuen 175

An index replication scheme for wireless data broadcasting
Y.D. Chung and M.H. Kim 191

TVIS: an interactive multimedia communication engine and its applications
C.-M. Huang, C.-Y. Kuo and C. Wang 201

A multi-server video-on-demand system with arbitrary-rate playback support
J. Kee-Yin Ng, S. Xiong and H. Shen 217

IDRS: an interactive digital radio station over Internet
C.-M. Huang and P.-C. Liu 229

Exploring the relationships between design measures and software quality in object-oriented systems
L.C. Briand, J. Wüst, J.W. Daly and D. Victor Porter 245

Corrigendum to: An assessment of systems and software engineering scholars and institutions (1994–1998) [The Journal of Systems and Software 49 (1) (1999) 81–86]
R.L. Glass 275
